

FALL EVENT

STRANGER IN A STRANGE LAND— EVEN AT HOME

LEARNING AND USING SOCIAL JUSTICE SKILLS

How can you become involved?
How are you already involved?
How do you talk to your legislators?
How do you survive if you're the only one?

The MFSA fall event will give us a theological grounding for why we do the work we do in social justice; take us beyond feeling like we are the only one and connect us with others who are doing the same kinds of work; and teach us the most helpful ways to have conversations with others, including our legislators.
